Submitted by [Surf 97.3 FM](#)^[1] on June 15, 2020 - 5:12pm

Surf 97.3 FM hope you are doing your best to stay healthy and safe during this Covid-19 worldwide virus. Our beaches, boardwalk and the Flagler Beach pier are now open but with certain social distancing regulations in place. Please keep 6 feet apart as best as possible at all times and also no groups of more than 10 people should be bunched together at any given time. Also the pier will be maintaining a 50 person limit allowed on at once. The bait shop will be take-out only and our radio station here will not be allowing anyone in without permission of our staff. Keep it tuned to Surf 97.3 FM during these challenging times for updates on Flagler Beach, Palm Coast & the world about this horrible pandemic affecting everyone. Even though our beaches are currently closed locally here in Flagler Beach, FL. until further notice, we can bring the beach right to you with feel-good classic hits and beachy happy music to keep you company 24/7 daily. Listen locally on 97.3 FM or anywhere in the world online at www.flaglerbeachradio.com. We are broadcasting as always for the past 7 years, directly from the Flagler Beach pier. Stay safe and healthy everyone.
